Faster, Stronger, Sturdier Cargo Lifts

A Legacy Lift™ makes it effortless to transport up to 1000 lbs. from the ground level to the second story of your home. Whether it's everyday items like groceries and trash or heavy, bulkier items like luggage or gear – simply load your items onto the platform, press the remote and let your Legacy Lift do the work for you. **Your items will be safely lifted right where you want them.**

A Legacy Lift™ can be mounted to any home or structure. Whether you live on the coast, a lake or up in the hills, **our cargo lifts are the ultimate convenience if you're living with stairs.** We have a team of highly skilled, local professionals to carry out the entire installation and customize your new lift as needed. Or, install your lift yourself if you're handy! With Legacy Lifts™, you'll enjoy high standards of quality, uncompromising safety, long term service and reliability.
